80 Greenwich

The chiller is currently down. There is no cooling in the space. The compressor has been received. There are complex logistics to lift the equipment to the roof for installation. Our engineering team is working alongside vendor to ensure that all repairs completed as soon as possible.

Fire Life Safety

The scheduled NYC unannounced fire drills are complete with the exception of 161 William and One Pace Plaza. These drills prepare building occupants to safely evacuate a building in the event of an emergency.
